

MATERIA PRIMA

CULTURA ITALIANA

Il piacere di abitare la casa circondati da paesaggi italiani

MATERIAPRIMA

The pleasure of experiencing the home surrounded by Italian landscapes

Le plaisir de vivre la maison entourés par paysages italiens

Natura e Cultura

La varietà dei paesaggi d'Italia è caratterizzata da una vasta combinazione di elementi naturalistici e architettonici.

Monti e abbazie, laghi e ville, campagne e città d'arte, boschi, fiumi e castelli sono alcuni degli infiniti paesaggi italiani da ammirare. Da alcuni di questi prendono spunto le composizioni del modello **Materiaprima**, che vuole suggerire al progettista possibili combinazioni di finiture decorative innovative con nuovi accessori e sistemi di apertura ante.

Materiali diversi per finiture e colori. Accostamenti sempre coerenti attraverso una selezione attenta ed equilibrata.

Materiaprima è un programma che unisce gli opposti, che ordina le differenze, fino ad ottenere composizioni di elevato equilibrio formale.

Nature and Culture

The variety of Italy's landscapes is characterized by a wide combination of natural and architectural elements.

Mountains and abbeys, lakes and villas, countryside and cities of art, woods, rivers and castles are only few of the infinite Italian landscapes we could admire. Some of them have inspired the compositions of the model **Materiaprima** which wants to suggest to the designer possible combinations of innovative decorative finishes with new accessories and doors opening systems. Different materials for finishes and colours. Always coherent combinations thanks to a careful and balanced selection.

Materiaprima is a program that unifies opposites, that organises differences, up to obtain compositions of high formal balance.

Nature et Culture

La variété des paysages de l'Italie est caractérisée par une vaste combinaison d'éléments naturels et architecturaux.

Montagnes et abbayes, lacs et villas, campagnes et villes d'art, forêts, fleuves et châteaux sont certains des paysages italiens infinis à admirer. Certains d'entre eux ont inspiré les compositions du modèle **Materiaprima**, qui veut suggérer au concepteur des possibles combinaisons de finitions décoratives innovantes avec de nouveaux accessoires et systèmes d'ouverture des portes. Matériaux différents pour les finitions et les couleurs. Des combinaisons toujours cohérentes grâce à une sélection rigoureuse et équilibrée.

Materiaprima est un programme qui unit les opposés, organise les différences, jusqu'à obtenir des compositions de haut équilibre formel.
