LIVING LIFE COLLECTION

COLLECTION

RIDEFINIRE IL CONCETTO  
DI CUCINA: **IL FUTURO**  
**SECONDO CONCRETA**

**Concreta** nasce in Toscana da una lunga storia di artigianalità e con un obiettivo ben preciso, chiaro fin da subito: rendere ogni progetto aderente alle abitudini di chi lo vivrà, perfetto per lo stile contemporaneo. Uno studio, tante sperimentazioni, **un'adattabilità delle forme** che si traduce in cucine innovative dove lo spazio diventa protagonista.

**Vivere gli spazi, modularli sulla propria vita.** Ogni elemento e ciascun dettaglio tecnico comunicano per creare spazi personalizzabili con un'unica direzione: **la vivibilità del design.** I materiali si fanno strumenti per donare carattere e versatilità agli ambienti. Non sono necessarie rinunce, a partire dallo **spessore dell'anta che si fa di 22 mm**, sinonimo di solidità ed eleganza. Funzionalità, qualità e design si declinano attraverso materiali differenti e complementari oltre a decine di finiture ricercate, di pregio: un equilibrio delle forme.

In accordo con i valori etici, ambientali ed ecologici dell'azienda, ogni **scelta** intrapresa affonda le proprie radici in una produzione interamente Made in Italy, in sistemi produttivi avanzati che riducono gli sprechi e un costante controllo della filiera. Solo così si ottiene il massimo della qualità.

REDEFINING THE  
CONCEPT OF THE  
KITCHEN: THE FUTURE  
ACCORDING TO  
CONCRETA

**Concreta** was founded in Tuscany, grounded in a long history of craftsmanship, with an objective clear from the outset: to ensure that every project was tailored to its users' habits, perfect for the contemporary lifestyle. Research, plenty of experimentation, and **adaptable forms** that provide an innovative kitchen where space is the key factor.

**Living in spaces and shaping them to your life.** Every feature and every technical detail communicate to create spaces that can be customised with a single aim: style with convenience. Materials become tools for giving interiors character and versatility. No sacrifices are required, **starting from the door thickness of 22 mm** for solidity and elegance. Functionality, quality and design are expressed in different and complementary materials, as well as dozens of choice, exquisite finishes: an equilibrium of forms.

In accordance with the company's ethical, environmental and ecological values, every **process** completed is rooted in entirely Made in Italy production, in state-of-the-art production systems that reduce waste and with constant control of the supply chain. This is essential for the very highest quality.

REDÉFINIR LE CONCEPT  
DE LA CUISINE:  
L'AVENIR D'APRÈS  
CONCRETA

**Concreta** est née en Toscane d'une longue histoire d'artisanat et avec un objectif très précis et très clair dès le départ : faire en sorte que chaque projet adhère aux habitudes de ceux qui le vivront et soit en phase avec le style contemporain. Un bureau de style, beaucoup d'expérimentation, **une adaptabilité des formes** qui se traduit par des cuisines innovantes, dans lesquelles l'espace est roi.

**Vivre les espaces, en les modulant en fonction de sa propre vie.** Chaque élément et chaque détail technique communiquent pour créer des espaces personnalisables selon un seul critère: **l'habitabilité du design**. Les matériaux deviennent des outils pour conférer du caractère et de la polyvalence aux espaces. Aucun sacrifice n'est nécessaire, à commencer par **l'épaisseur de la porte de 22 mm**, synonyme de solidité et d'élégance. La fonctionnalité, la qualité et le design s'expriment à travers des matériaux différents et complémentaires ainsi que des dizaines de finitions recherchées et nobles: un équilibre des formes.

Conformément aux valeurs éthiques, environnementales et écologiques de l'entreprise, chaque **choix** est ancré dans une production entièrement 'Made in Italy', en faisant appel à des systèmes de production avancés qui réduisent les déchets, et à un contrôle constant de la chaîne d'approvisionnement. C'est le seul moyen d'obtenir la meilleure qualité.

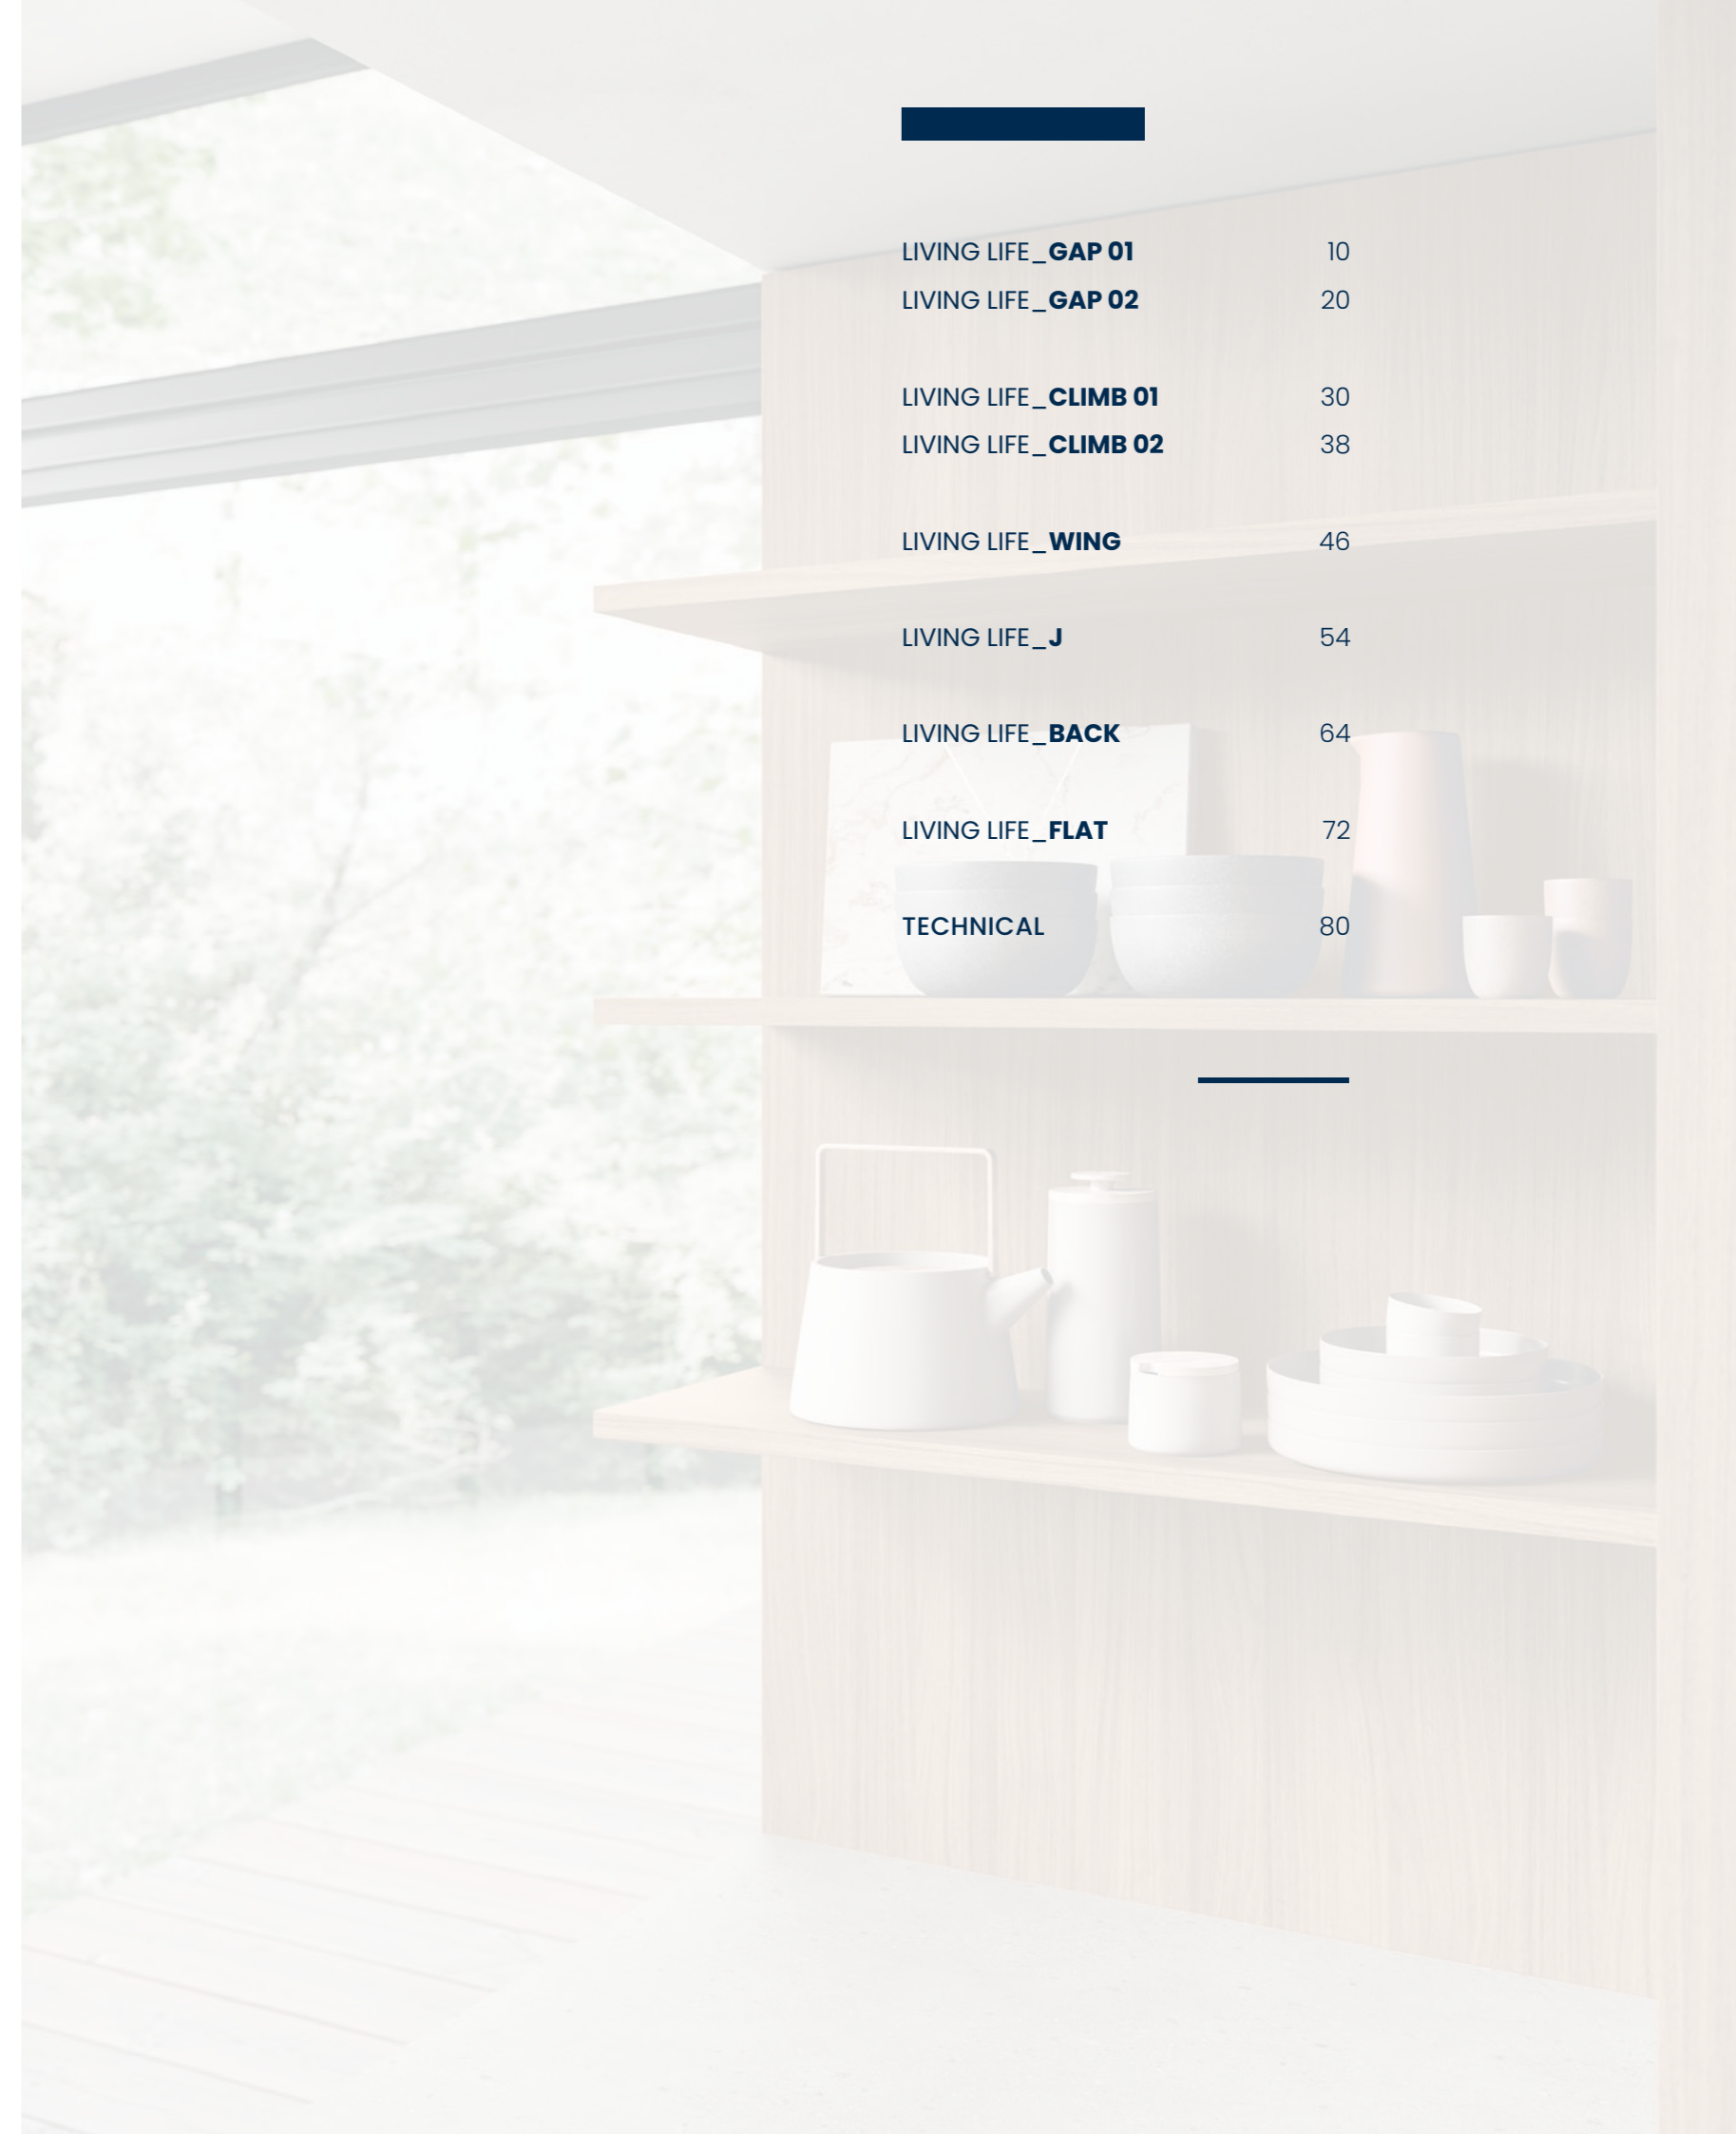

Living Life: le tante anime di una cucina parlano attraverso tocchi materici e differenti essenze. Per trasformare gli spazi e disegnare il proprio ambiente: unico, dinamico, vivo.

**LIVING LIFE:** A KITCHEN'S MANY SOULS EXPRESSED THROUGH TEXTURAL TOUCHES AND DIFFERENT WOOD EFFECTS. TO TRANSFORM SPACES AND DESIGN YOUR INTERIOR: UNIQUE, DYNAMIC AND VIBRANT.

**LIVING LIFE:** LES NOMBREUSES ÂMES D'UNE CUISINE S'EXPRIMENT À TRAVERS DES EFFETS DE MATIÈRE ET DIFFÉRENTES ESSENCES DE BOIS. POUR TRANSFORMER LES ESPACES ET CONCEVOIR SON PROPRE ENVIRONNEMENT: UNIQUE, DYNAMIQUE, VIVANT.

## LIVING LIFE\_CLIMB 02

La cucina diventa pura eleganza scegliendo i dettagli sottili, per armonizzare e trasformare il proprio progetto in **minimalismo stilistico**.

The kitchen becomes pure elegance through the choice of subtle details that harmonise your project and transform it into **stylistic minimalism**.

La cuisine devient élégante à travers le choix de détails subtils, pour harmoniser et transformer chaque projet selon les critères **d'un style minimaliste**.

---

The kitchen area is characterized by dark, flat-panel cabinetry. On the left, there are built-in ovens. The countertop is a light-colored material, possibly quartz or marble. A central island with a dark, veined marble countertop and base is the focal point. Above the island, a modern chandelier with multiple small, glowing spheres is suspended. A metal shelving unit with glassware and plants sits on the island. The backsplash is a dark, textured material, and a sink with a modern faucet is visible on the left side of the island.

A large, multi-paned window with a white frame offers a view of a lush green landscape. In the foreground, a dining table with a light wood top and white chairs is set up. The table is adorned with a few decorative items, including a vase and some fruit. The floor is a light, neutral color, and the overall atmosphere is bright and airy.

On the right wall, there is a dark, open shelving unit displaying various glassware, including wine glasses and a decanter. Below the shelves is a long, low wooden console table with a dark top and light wood sides. The wall is a light, neutral color, and the overall design is clean and modern.

The living area features a dark, textured armchair with a metal frame, positioned on a large, dark, textured rug. A low, dark coffee table with a glass top and metal legs holds a few items, including a bowl and some papers. The floor is a light, neutral color, and the overall aesthetic is modern and sophisticated.
